Converting PDFs to Excel just got a whole lot easier. With our tool, you can export your PDF files as Excel spreadsheets without losing any of the original formatting. All your data will be transferred accurately from PDF to Excel, and it's accessible on-the-go with our mobile app for both iOS and Android devices. Take advantage of batch conversions with Smallpdf Pro, which lets you turn multiple PDFs into Excel spreadsheets at once. Try out our service risk-free for 7 days with a free trial. Your security is our top priority - we're annually audited to maintain ISO/IEC 27001 certification, ensuring your information and data are always safe with us. We also employ state-of-the-art encryption protocols like HTTPS and advanced TLS encryption for an added layer of protection. As a GDPR-compliant company, we take responsibility in storing, collecting, and processing your data. But it seems there's currently an issue with your internet connection...
